# Welcome

At Belgard® we believe that outdoor living is essential to the human spirit. We invite you to begin your outdoor living journey with Belgard. Where your kind of beautiful is the only kind that matters.

# Make Outside Your Kind of Beautiful.

Bringing your backyard design dreams to life begins with making a few basic decisions around function and style. Only Belgard® designs dependable, personalized products that combine boundless creativity with fine craftsmanship into lasting outdoor spaces.

**FUNCTION:** Whether you're building a walkway from your driveway to your front door or a large patio with kitchen area, a key piece in the journey is mapping out how you plan to use your outdoor space. It may be a space designed for quiet evenings for two or evenings with several friends and family. Mapping out your needs and desires for the space, will help with a successful design creation.

**STYLE:** There are two key considerations when choosing the style of your outdoor space. First, the bigger picture that considers your personal likes and preferences and how the hardscape product will help you carry out that look.

Once you understand the bigger picture, consider the three pillars of hardscape style - **Color. Texture. Shape.** Belgard offers a uniquely tailored collection of hardscapes designed to help you achieve any style distinction you may be looking to accomplish.

**COLOR:** Choose from a palette of natural hues designed to work in harmony with a variety of home environments.

**TEXTURE:** Add visual interest with antique, classic or natural surface treatments.

**SHAPE:** Mix or Match natural, classic and transitional paver shapes to create one-of-a-kind designs.

We invite you to explore more outdoor design principles and get expert advice to help guide you to the perfect space at [Belgard.com/Beautiful](https://www.belgard.com/Beautiful).

**MEGA-LAFITT™**

Mega-Lafitt features the most natural-looking texture available in a modular paver. These pavers combine the look and feel of a cut flagstone with the strength and long-term durability customers expect from Belgard. Modular shapes allow for ample design.

# Patios

According to the American Society of Landscape Architects the *outdoor living area* is a must have for any new home.

## **BELAIR WALL®**

Belair Wall is ideal for retaining and freestanding wall construction where aesthetics are a key consideration. The attractive multipiece design and blended colors offer an alternative look to traditional retaining wall blocks. ## **PAVER DESIGN & ACCENTS**

Visually appealing designs and accents can add interest and depth to your outdoor living area—delineating and defining your space or sections within it.

And depending on your personal desires, you may use complementary or contrasting elements to make your space one-of-a-kind.

Urbana® Stone

Lafitt™ Rustic Slab/ Weston Stone®/ Dublin Cobble® Large Square with Holland Stone Accents

Mega-Lafitt®/ Belair Wall®/ Belgard Elements Brighton Fireplace

A stainless steel grill is mounted on a stone island. The island is illuminated with warm, low-voltage lighting. In the background, there is a large white building and a dark sky. The grill has a stainless steel front panel with a handle and a control panel with several knobs. The stone island is made of large, irregular stones and has a stainless steel door at the bottom. The lighting is soft and creates a warm atmosphere.

### LIGHTING ACCENTS

As we all migrate to the outdoors for evenings of cool breezes and casual conversation, lighting is essential. Lights that are too bright attract bugs and mosquitoes. But, subtle low voltage lighting at ground level adds character, a sense of elegance and the feel of relaxation at the end of the day.

### BERGERAC® MEGA STONE ACCENTS

The timeless, hand-cobbled appearance of Bergerac recalls an era when horse-drawn carriages traversed the avenues of Europe's great cities. Its trademark dimpled surface, unique color blends, and a variety of sizes provide you with the ability to create one-of-a-kind works of lasting beauty.

# Outdoor Kitchens

According to The National Association of Home Builders an *outdoor kitchen* addition can increase the value of your home, and bring upwards of 130 percent return on initial investment.
